All Other Inquires: Press 2, Monday to Friday, 8am to 5pm.

Email: pmp@medavie.bluecross.ca

Website: www.nspmp.ca

General eAccess User Information

The purpose of this guide is to provide users with an overview of eAccess and explain how to log on and access patient profiles. Prescribers and pharmacists will now have access to patient profiles through a secure online link. eAccess will provide prescribers and pharmacists with timely access to information they need to determine the best treatment for patients while promoting the appropriate use and the reduction of abuse and misuse of monitored drugs.

The eAccess application is updated multiple times each day to provide up to date patient profiles. Regular maintenance may be conducted on the eAccess system between the hours of 12am and 7am. This may cause temporary periods when the system is not accessible. Every effort will be made to notify users in advance of scheduled outages.

In order to be eligible for eAccess, prescribers and pharmacists must be registered with the NSPMP. As well, prescribers and pharmacists must also complete eAccess registration and user agreement forms. Copies of these forms are available for download from the NSPMP website or can be requested from NSPMP staff members. Once the NSPMP receives the completed registration and user agreement forms, a username and temporary password will be issued to the prescriber or pharmacist.

eAccess users will have the ability to view up to a maximum of 18 months of an individual's NSPMP claims history. Should a user require a claim history greater than 18 months, they will be required to contact the NSPMP during regular business hours.

Cancellation of a user's eAccess can occur for any of the following reasons:

- User no longer works in Nova Scotia
- User has a restriction to their license
- User has been involved in a security breach
- User has requested cancellation of eAccess

Security Breaches

As outlined in the eAccess User Agreement, **all** information pertaining to eAccess is deemed confidential and is intended for the registered user only. This includes usernames, passwords and patient profiles. Should a user identify that a breach of security has occurred, they are responsible for notifying the NSPMP immediately. Failure to comply with the eAccess User Agreement may result in access being revoked and/or disciplinary action with the appropriate licensing authority.

Usernames

Usernames are unique to each user and will not change. Usernames are **only** to be used by the registered user and are **not** to be shared with anyone.

By signing in, you continue to accept the [Terms and Conditions](#) of this site.

Medavie Blue Cross is a member of the [Canadian Association of Blue Cross Plans](#).
* Trade-mark of the Canadian Association of Blue Cross Plans.
† Trade-mark of Blue Cross Blue Shield Association

When entering their credentials (username and temporary password) for the first time, the user will be redirected to change their password.

Passwords

On the Change Password screen, the user will be required to provide their temporary password along with their new password. Before the “**Continue**” button is enabled, they will also be required to confirm their new password and ensure that it meets the following criteria:

1. Must be between eight and 50 characters long.
2. Cannot contain the Username, First Name or Last Name.
3. Cannot contain three or more consecutive repeating characters.
4. Cannot be the same as any of your previous five passwords.
5. Must contain at least three of the following:
 - a. Uppercase letter (A-Z)
 - b. Lowercase letter (a-z)
 - c. Number (0-9)
 - d. Special Character (!#\$%&*,.-/!:;= [] ^ _ ' { } ~ ?)

Cancel

Please note - selecting the **"Password requirements"** link below the **"Confirm new password"** field will open a popup window displaying the password rules.

The user will only be prompted to change their password once and when changed, the new password will be used for each subsequent login. Passwords are **only** to be used by the registered user and are **not** to be shared with anyone.

Terms & Conditions

When users log into the Secure Login the first time, they will be prompted to accept the Terms and Conditions. The “**Accept**” button will not be available for selection until the acknowledgement checkbox is selected. This step will not be required upon subsequent logins.

You must accept the Terms & Conditions to continue

End User Agreement

User's Responsibilities

This agreement is between Medavie Blue Cross ("Blue Cross") and the user ("You" or "Your") of the web portals, web applications, interfaces, tools and systems made available by Blue Cross through this website (collectively, and individually, "site").

If You are a user of the Group Administrator or the Health Professional secure sections of this site, "Blue Cross" refers to the organization that issues the benefit plan or policy of insurance of which You are the group administrator or of which Your client is a member or participant. More particularly, "Blue Cross" refers either to Medavie Blue Cross or Saskatchewan Blue Cross.

By accessing or using the site provided by Blue Cross, You agree to the following terms and conditions. These terms and conditions incorporate:

- The Blue Cross privacy statement (available here: <https://www.medavie.bluecross.ca/privacy> and <http://www.sk.bluecross.ca/privacy/>) and
- The Blue Cross website legal notice (available here: <https://www.medavie.bluecross.ca/legal> and <http://www.sk.bluecross.ca/legal/>).

These terms and conditions, together with all applicable privacy statement, legal notice, policies and agreements referenced in these terms and conditions, form Blue Cross's agreement with You.

Blue Cross may change the site and/or this agreement, including the applicable privacy statement, legal notice and agreements referenced hereto with or without Your consent. Blue Cross will notify You of any change to these terms and conditions upon Your access or use of this site. If You continue to access or use this site after any such change is effective, You will be deemed to have accepted the change.

I acknowledge and accept these terms and conditions

Patient Profile Search Criteria

Users will be required to enter a valid Health Card Number in order to search for a patient. For those patients that are from out of province, please ensure that the appropriate cardholder identity is selected from the drop down list provided. If the province is unknown please select **ALL** for the cardholder identity. The cardholder identities are:

CARDHOLDER IDENTITY	PROVINCE	HEALTH CARD NUMBER	CARDHOLDER IDENTITY	PROVINCE	HEALTH CARD NUMBER
AB	Alberta	9 digits	ON	Ontario	10 digits
BC	British Columbia	10 digits	PE	PEI	8 digits
MB	Manitoba	9 digits	QC	Quebec	4 letters+ 8 digits
NB	New Brunswick	9 digits	SK	Saskatchewan	9 digits
NL	Newfoundland	12 digits	YT	Yukon	9 digits
NS	Nova Scotia	10 digits	CF	Canadian Forces	1 letter+ 8digits
NU	Nunavut	9 digits	RCMP	RCMP	5 or 6 digits
NT	NWT	1 letter+ 7 digits			

The eAccess system is designed to provide users with a default date range which is six months of claims history from the date of login. Users have the ability to select alternative date ranges using the calendar icons up to 18 months from the current date.

The screenshot shows the top navigation bar with the NSPMP logo on the left, the text "Welcome to the NSPMP eAccess Website" in the center, and "Signed in as: A131931 | Help | Logout | Manage Profile" on the right. Below the navigation bar is a green banner with the text "Promoting the appropriate use, and reducing the abuse and misuse of monitored drugs in Nova Scotia." The main content area is titled "Patient Profile Search" and contains a "Search Criteria" form. The form has two rows: the first row is for "Health Card Number" with a dropdown menu set to "NS" and an empty text input field; the second row is for "Range" with two date pickers, the first set to "Dec 15 2015" and the second to "Jun 15 2016", separated by a hyphen. Below the form are "Continue" and "Reset" buttons.

***If a date range greater than 18 months is required, a request can be made through the NSPMP during regular business hours.**

Once users have entered in a valid Health Card Number and selected the required date range, it will be necessary to confirm the identity of the patient selected.

The screenshot shows the same top navigation bar and green banner as the previous image. A "Patient Confirmation" dialog box is overlaid on the page. The dialog box has a title bar and contains the following text: "Your search returned the following patient info...". Below this, there are three lines of information: "First Name :", "Last Name :", and "Province : NS". A green question mark icon is positioned to the left of the "Last Name :" label. At the bottom of the dialog box, there is a question: "Is this the patient you are inquiring on?". Below the question are two buttons: "Yes" and "No".

Upon verifying the patient's identity, users will be presented with a patient profile. The patient profiles are similar in design to the current profiles provided by NSPMP. Profiles can be printed, if necessary by clicking on the Printer Friendly icon at the top right hand corner of the user profile.

Filter Tool

Users have the ability to filter the profile results by selecting the Prescriber Reg (license number), DIN, or Pharmacy Reg (license number) and then clicking **Filter Results**. The patient profile will then list only the claims that contain the license number and/or DIN entered by the user.

The screenshot shows the 'Patient Profile - Confidential' interface. At the top, there is a header 'Patient Profile - Confidential' and a warning box 'CONFIDENTIAL PATIENT INFORMATION'. Below this, there is a 'New Search' button and a 'Printer Friendly' link. The main search area is highlighted in green and contains the following fields: 'Patient Name:' (redacted), 'Health Card Number: NS' (redacted), and 'Range: Dec 15 2015 - Jun 15 2016'. There are three checkboxes: 'Prescriber Reg' (checked), 'DIN' (unchecked), and 'Pharmacy Reg' (unchecked). Each checkbox is followed by an input field. To the right of these fields are 'Filter Results' and 'Clear Filter Results' buttons. Below the checkboxes is a 'Results page size:' dropdown menu set to '25'.

Sorting Function

Profile results can be sorted by Filled Date, Health Card, Prescriber Reg (license number), Prescriber Name, DIN, Drug Name, Quantity, Days Supply, Pharmacy ID (provider number), Pharmacy Reg (license number) or Pharmacy Name. To use this function, simply click on any of the above mentioned headings. Results can be sorted in ascending or descending order.

The screenshot shows the 'Patient Profile - Confidential' interface with the sorting function. The header and warning box are the same as in the previous screenshot. The search area is highlighted in green and contains the following fields: 'Patient Name:' (redacted), 'Health Card Number: NS' (redacted), and 'Range: Jan 01 2015 - Jun 15 2016'. There are three checkboxes: 'Prescriber Reg' (unchecked), 'DIN' (unchecked), and 'Pharmacy Reg' (unchecked). Each checkbox is followed by an input field. To the right of these fields are 'Filter Results' and 'Clear Filter Results' buttons. Below the checkboxes is a 'Results page size:' dropdown menu set to '25'. At the bottom of the interface, there is a table with the following columns: 'Filled Date', 'Health Card', 'Prescriber Reg', 'Prescriber Name', 'DIN', 'Drug Name', 'Qty', 'Days Supply', 'Pharmacy Id', 'Pharm Reg', and 'Pharmacy Name'. The table is highlighted with a red border.

To begin a new patient search, users can click on the **New Search** button at the top left hand corner of the search results page. When the search results are more than one page they can click on the **New Search** button at the bottom left hand corner.

The screenshot shows the NSPMP eAccess Website interface. At the top left is the NSPMP logo. The header includes the text "Welcome to the NSPMP eAccess Website" and "Signed in as: A131931 | Help | Logout | Manage Profile". Below the header is a green banner with the text "Promoting the appropriate use, and reducing the abuse and misuse of monitored drugs in Nova Scotia." The main content area shows a "Patient Profile - Confidential" section with a warning icon and the text "CONFIDENTIAL PATIENT INFORMATION". There are two "New Search" buttons, one at the top left and one at the bottom left. A "Printer Friendly" link is located at the top right. The search results area shows a table with a single row containing the value "10MCG/HOUR" and a pagination control with the number "1" highlighted.

Troubleshooting

Should assistance be required while using eAccess, users can click on the **Help** link at the top right hand corner of the screen to access troubleshooting tips.
