

The Prescribing Course-Safe Opioid Prescribing for Chronic Non-Cancer Pain

A Program of the Atlantic Mentorship Network - Pain & Addiction

***Do you prescribe or dispense opioids in your current practice?
Are you a Physician, Dentist, Nurse Practitioner, Registered Nurse, Pharmacist,
Student or Resident?***

The Prescribing Course is.....

- A one day workshop covering all aspects of opioid prescribing through small group, interdisciplinary and case-based discussions.
- A user-friendly “How-to” handbook (in both hard copy and electronic formats) providing quick access to detailed information on all aspects of prescribing opioids for CNCP. Topics include:
 - ✓ Opioid prescribing including risk assessment, opioid dosing, opioid rotation and tapering
 - ✓ Monitoring, including urine drug testing and aberrant behaviors
 - ✓ Management of side effects
 - ✓ Special topics including:
 - i. The adopted patient
 - ii. Prescriber and pharmacist collaboration
 - iii. Maintaining boundaries
 - ✓ A quick reference and a number of tools designed for everyday use

“It was great being with other pharmacists and getting perspectives from physicians and NPs.”

“As a new prescriber, the course and group work helped to build my knowledge and confidence.”

Accreditation for: CFPC: 6.5 Main Pro-C & 6.5 MainPro-M1credits, Section2 Credits and 13 CPE credits

January 23rd, 2016- Atlantica Oak Island Inn Resort, Western Shore, Nova Scotia
